

# Assessment Calendar-

\*Times TBD based on time of testing instructional model

2020-  
2021

*We believe that students will be required to attend school for State and Federal testing at this time. Dates for testing would remain the same but small groups of students will be invited to the building for testing sessions.*

*MAP testing will take place virtually through the use of online testing sessions but still be completed in the same week if we are in a Distance Learning Instructional Model.*
